-

### 3. From the Board

- 2023, one successful event
  - ***Data Visualisations***, joint EFSPI meeting  
<https://psdm.nl/efspi-psdm-event-19-april-2023-data-visualisation/>

- 2024, our Networking Event today, 26<sup>th</sup> November
  - Networking is important aspect
  - ‘Local’ speakers with variety of topics (for and by us)

### 3. From the Board

- **Reflections since previous event**

- Challenging to attract international speakers as there are many international meetings/events
- Well connected to international associations: EFSPI, Phuse and ICDMA
- Financial healthy
  - Sponsorship (approved by board VVS/BMS)

- Purpose / priority of PSDM?

*The aim of the PSDM is to facilitate professional conduct and development of its members and to provide a platform for the exchange of expertise and ideas by organizing scientific meetings, workshops and courses.*

What are the needs? How to (re)act?

- Which events to organize? Networking? Training?

## **4. Financial overview PSDM 2024**

## 5. AOB

- Suggestions for future events?  
Topics, but also type of event / format
- Survey

**Any Other Business**

**Networking drinks to close the day**

**Thank you!**
