  - Networking is important aspect

  - 'Local' speakers with variety of topics (for and by us)

PS D M
Pharmaceutische Statistiek & Data Management

3. From the Board – renaming PSDM

- Founded in 1983 as working group of the Biometrical Section (BMS) of the Dutch Society of Statistics (VVS)

- Acknowledge to create national network for professionals working in pharmaceutical statistics.

- Since late nineties, clinical data managers were represented in the board of the PSDM.

- Since the 2000s, programming has been involved in meetings, not explicitly mentioned on our website, only later represented in the board.

- Possible name change has been approved by BMS/ANed (November 2023)

- PSDM is active member of EFSPI from beginning, and since 2003 member of INCDMA International Network of Clinical Data Management Associations (INCDMA)

3. From the Board – renaming PSDM

- **Proposal:**

    1. recognize Programming,

    2. English language

    3. mention work environment, being pharma and broader e.g. Life Sciences

- **PSDM = Programming, Statistics and Data Management**
   *in Life Sciences*
